2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

General Shafter Elementary School has a been serving our community for over 100 years with a tradition of being an integral

2024-25 School Description and Mission Statement

part of the surrounding community. We will continue to explore new educational ideas and trends to improve our effectiveness with children. We will continue to provide an academic program that strives for excellence.

Community & School Profile

General Shafter Elementary School District is rurally located to the south of Bakersfield, California. The General Shafter Elementary School District, a single-site district, serves students in TK through eighth grade on a traditional calendar system. The educational programs at General Shafter Elementary School are designed to provide the skills and tools necessary for students to explore their creativity while developing a strong educational base. During the 2023-24 school year, 180 students were enrolled in grades TK through eighth grade.

Mission Statement

General Shafter School's mission is to promote the academic, social, and physical development of our students in a safe, positive learning environment.

Beliefs

We believe in the worth of all individuals.

We believe that all students can and will learn.

We believe that all students deserve access to the same high quality curriculum.

We believe that student learning is our highest priority.

We believe that students learn from others: adults and other children alike and that cooperative learning is worthwhile.

We believe that students should value and enjoy learning.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

General Shafter Elementary School District sets a high priority upon ensuring that sufficient and current textbooks and materials are available to support the school's instructional program, as well as providing students with their own textbooks. General Shafter Elementary School District held a public hearing September 2016 and determined that the district has sufficient and good quality textbooks or instructional materials, pursuant to the settlement of Williams vs. the State of California.

All students, including English Learners, are given their own individual standards-aligned textbooks in core subjects for use in the classroom and to take home. All textbooks and instructional materials are aligned with the Common Core State Standards.

The textbook adoption process begins with a teacher evaluation of the textbooks on the state adopted list, and may involve textbook publisher presentations. Teachers and administrators then discuss the effectiveness of the materials in regard to meeting educational standards established by the district. Surrounding districts may also be consulted to ensure continuity across the curriculum with feeder high schools. Parents are invited to preview proposed materials at the school office over a 30-day period prior to adoption. To conclude the process, the superintendent submits a recommendation to the Board of Trustees for final adoption. The table displays the textbooks used at General Shafter Elementary School.

Information is current as of September 2019.

School Facility Conditions and Planned Improvements

The General Shafter Elementary School student body and all services were moved to a new site at 1825 Shafter Road in August 2006. The school now has ten relocatable classrooms, a library, a computer lab, and one restroom. There is also a permanent building that houses a ballroom and a janitor's storeroom. The cafeteria and administration building are also relocatables. All site infrastructure is completed to one day accommodate permanent structures and growth. In addition, the district owns additional adjoining property for a middle school site, transportation facility and a district office. The athletic field and play yard provide adequate facilities for multiple classes to use for physical education. The facility strongly supports teaching and learning through its ample classroom and playground space, and staff resource room.

The chart displays the results of the most recent school facilities inspection information collected (as of December 2022).

Cleaning Process & Schedule

The district governing board has adopted cleaning standards for General Shafter Elementary School. A team of custodians promptly addresses facility maintenance issues and cleans the campus on a daily basis. The site administration team works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Maintenance and Repair

General Shafter Elementary School District administers a scheduled maintenance program, including regular facilities inspections, to ensure that all classrooms and facilities are well-maintained and in good repair. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. At the time this report was published, 100% of restrooms on campus were in good working order.

Deferred Maintenance Budget

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

General Shafter Elementary School has found that good discipline is a solid foundation on which to build an effective school; good discipline and school effectiveness have a strong correlation. General Shafter Elementary School has established a comprehensive approach to discipline that includes a partnership with parents. The goal of General Shafter Elementary School's discipline program is to provide students with opportunities to learn self-discipline through a system of consistent rewards and consequences for their behavior. General Shafter Elementary School believes students who develop a sense of personal responsibility will mature both academically and emotionally. The administration practices a counseling approach to student discipline that reinforces students' accountability for their actions and teaches viable alternatives for handling difficult social and personal interactions. Parents and students are informed of discipline policies at the beginning of each school year through the School Handbook.

2024-25 School Safety Plan

Safety of students and staff is a primary concern of General Shafter Elementary School. The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Emergency/fire/earthquake/disaster

2024-25 School Safety Plan

drills are conducted four times a year. Assigned staff members monitor school grounds before, during, and after school. All visitors must report to the front office, sign in, and obtain a visitor's pass before entering the school's closed campus.

The Comprehensive Safety Plan was developed by the district in consultation with local law enforcement in order to comply with Senate Bill 187 of 1997. The plan provides students and staff a means to ensure a safe and orderly learning environment. Components of the Comprehensive Safety Plan include the following list.

- Child abuse reporting procedures
- Dress code policy
- Disaster response procedures
- Sexual harassment policy
- Teacher notification of dangerous pupil procedures
- Procedures for safe ingress and egress from school

General Shafter Elementary School reviews the plan annually and updates it as needed. The plan was last reviewed with school staff in August 2023.

An updated copy of the plan is in the process of being written.
